

CFW: BLACK LIGHT – EPISODE 1

“Shadows Rise. Lights Flicker.”

[OPENING SHOT]

Grainy handheld cam in a *grungy gym weight room*. Neon lights flicker above rusted plates and cracked mirrors. You hear clanking chains, a bass-heavy beat, and then—**SUDIO** steps into frame.

[PROMO – SUDIO]

SUDIO

(bright eyes, purple curls bouncing, panting slightly from lifting)

"Maybe I'm too loud. Maybe I don't belong in your little underground wrestling fantasy. But I'm here anyway.

Because the truth is... the only place that's ever made sense for me—
is under the lights, hearing the crowd chant a name that wasn't supposed to *mean anything*.

Su... Su... Su...

Yeah.

You feel it already."

(leans toward the camera, smiling)

"Call me style. Call me flash.

But when I step in that ring, you'll call me a problem.

CFW's not ready. But I am."

[CUT TO: BLACK VOID ROOM – DOMINICK HEX PROMO]

Dim red lighting, fog leaking in behind a motionless **Dominick Hex**, standing shirtless under chains hanging from the ceiling. His voice is calm... then not.

DOMINICK HEX

(low and venomous)

"You call yourself *Storm*.

But storms pass.

Me? I *linger*.

I *infect*.

Wyatt... at Afterglow, you don't wrestle me.
You survive me.
If you can."

(his eyes twitch slightly—tone gets colder)

"I'm not here for cheers.

I'm here to *drag CFW into the dark*
until you forget what the light ever felt like."

(camera glitches for a single frame — black static with a screeching audio pop)

[CUT TO: CFW OFFICE – AFTER HOURS]

A delivery guy drops off a *tattered, stained vanilla envelope* onto a desk. The camera pans up to see **CFW announcer Ronnie Kixx** entering the room mid-sandwich bite.

RONNIE KIXX

(confused)

"Uh... what the hell is this?"

He rips open the envelope. Inside: an **unlabeled black VHS tape** — old, scratched, clearly used. Ronnie holds it up like it's cursed.

RONNIE KIXX

"...Seriously?

How the hell am I even supposed to *play* this thing?"

(he flips it over. Something faintly etched into the back... just the word:)

RECLAIMED.

[END.]

Black screen.

Soft glitch pulse.
